suffering caused by womanly diseases?
There are many answers to that question. Sometimes because they have ex-

of local physicians At other hey shrink from submitting to ob-noxious examina-tions which local physicians deem physicians declinecessary. And to sum it all up, they endure suffering because they do not know that Dr.

ulceration and cures female weakness.

"I enjoy good health; thanks to Dr. Fierce's Favorite Prescription and 'Golden Medical Discovery,' writes Mrs. J. Schnetyer, of Pontiac, Livingston Co., "I was taken sick and the doctors here called it 'Grip.' I lay for four weeks in bed, then when I got up I found I had 'displacement.' Had such actes and pains in my back and limbs could not stand any length of time. I knew that our house doctor would unsist the first thing on an examination, and that I would not submit to, unless I was dangerously sick. My son had your book, 'Common Sense Medical Adviser,' and I thought from reading it that Dr. Pierce's medicine would do me more good than all the home doctors—and so it has. I can truly say I was surprised at the benefit I received. I can do all my washing and also tend my flower garden. In fact I am on my feet most all the time. An old friend of mine said to me, 'Why what is the matter with you' You are getting young again.' I told her I had taken six bottles of Dr. Pierce's medicines, and that if she would do likewise she would feel ten years younger, too." Dr. Pierce's Common Sense Medical

He traced them to a woodland and started to walk over what appeared to be a pile of underbrush, when he was precipitated fato a well. The water was deep enough to reach his was, and as hour after hour passed it seemed to him that he would perish from the cold. Hunger added to his distress. For three days and nights he shouted for aid. Then a boy who was hunting in the woods heard the man's faint cry, found Stepanik in the well and summoned aid. Stepanik will recover.

LASHES. - One thousand lashes on his naked body brought death to Nathaniel Williams, an eleven-year-old boy, of Sumter, S. C., a day or two ago. The body of the child was found tied in the house of Nelson Shaw, a negro. He had evidently died under the lash. Shaw left the place seemingly in a panic after realizing what he had done, and sent a doctor to the house. The correct's jury found where a hard person. sent a doctor to the house. The cor-oner's jury found where a hard, narrow, heavy ieather strap had cut into the firsh like a duil knife over 300 times, and it was estimated that 1,000 strokes had been given. Shaw was ar-rested. It is said to be a case of wanton cruelty.

Dyspepsia Cure

A powerful engine can't be run with a weak boiler; and you can't expect to keep up the wear and strain of an active life with a weak stomach. Our boilers, or rather our stomachs, can't be replaced, and we cannot stop the human machinery while making repairs. But when the stomach is unable to digest enough food to keep the body strong, we can use such a preparation as Kodol Dyspepsia Cure. It digests what you eat, so that you can eat all the good food you want, without any distress after eating.
